

Appendix A: Introduction to the CD

Using the Georgia's Tree Ordinances CD

This report is included on the *Georgia's Tree Ordinances* CD in its entirety as a PDF file. However, the appendices are located in separate directories containing Adobe® Acrobat® PDF files (*.pdf), Microsoft® Word® documents (*.doc), or Microsoft® Excel® spreadsheets (*.xls).

Adobe® Acrobat® Reader must first be installed on your computer to view the PDF files. If you do not already have this software on your computer, the latest version can be downloaded from the Adobe® website at www.adobe.com.

The tables have been included as Excel spreadsheets so that you can search through and sort the data if so desired. It is recommended that you first make a copy of these files and use those copies for sorting to avoid deleting or changing the original data. The data in these tables can be printed and are formatted for doing so. The NADF's *Sample City Tree Ordinance* has been included as a Word® document to facilitate use of this ordinance by communities wishing to develop their first ordinance or revise their existing one.

CD Table of Contents

The contents of the CD are arranged into directories. The directory names and their content are listed in the table below.

CD Table of Contents

DIRECTORY NAME AND CONTENTS	FILE NAME AND FORMAT
Report	
Georgia's Tree Ordinances Report	Georgia's Tree Ordinances.pdf
Appendix A: Introduction to the CD	
Using the Georgia's Tree Ordinances CD	CD Table of Contents.doc
